

# MARSHMELLO

Marshmello è un dj americano. La sua identità è ancora sconosciuta, ma ci sono delle voci che sostengono che egli possa essere Chris Comstock, dato che entrambi hanno la stessa data di compleanno tatuata.

Marshmello è diventato famoso grazie al personaggio da lui creato: infatti indossa un buffo casco con la tipica forma di un marshmallow.

Il genere musicale che Marshmello usa per le sue canzoni mischia groove, synth e EDM con il suono marcato del basso. Sono tutti generi musicali elettronici e moderni. È stato ispirato da altri DJ come Deadmau5 e i Daft Punk infatti anch'essi indossano strani caschi. Questo è DEADMAU5:

Le canzoni di Marshmello sono solitamente senza parole, ma alcune presentano voci modificate al computer nei ritornelli. Marshmello si è esibito al New York's Pier 94, al Pomona, al California's HARD Day of the Dead festival, e alla Miami Music Week.

Nel 2016, ha pubblicato il suo primo album con le tracce risalenti ad alcuni mesi prima intitolata *Joytime*, che ha raggiunto la posizione numero cinque sulla *Billboard* nella classifica album Dance/Elettronica.

Egli è noto anche per molte collaborazioni con altri cantanti. Per esempio nella canzone **KEEP IT MELLO** <https://www.youtube.com/watch?v=mKzLoZFz8PE> ha collaborato con Omar LinX un rapper americano.

Woke up and just felt right  
Phone blown like a tailpipe  
Today's schedule air tight  
I turn a short day into a long night  
See you soon if you got the heart  
Meet you outside Reny Park  
Hurry up it it's gettin dark  
We don't say much, and that says a lot  
Hopped into that old Benz  
Drive through where that road ends  
Good times with some old friends  
I got just the thing if you so tense  
Burn one lets go do some  
She got me stoned as Medusa  
Zoned out with a blank stare  
I'm lookin' into the future  
Hold up ain't nothing gonna hold us  
Put the devil to the side  
Got an angel on my shoulder  
And I'm like hello  
It's good to finally let go  
I ain't worried bout a thing  
I just like to keep it mellow  
Yea I like to keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
It's like 4 am and I'm bored again  
When that 40 end  
When that dream team all played  
out and they hit bench

I just step back lemme soak it in  
I've seen the ups and downs  
So I get it now, I was born to win  
It's my time bout time, my turn I can't lie  
Waiting for that one spark  
My one hope to catch fire  
I'm fine, I'm high  
Light rain through the sunshine  
Tryin to man this old boat  
I'm the captain now and it's crunch time  
I don't care if I'm gettin paid  
Need the week but I get the day  
Wide awake when I need sleep  
I'm knee deep but I set the way  
Focused on that one mistake  
let it free don't let it break  
Fuck it all, I'm turning in  
My celly's off the great escape  
Hold up ain't nothing gonna hold us  
Put the devil to the side  
Got an angel on my shoulder  
And I'm like hello  
It's good to finally let go  
I ain't worried bout a thing  
I just like to keep it mellow  
Yea I like to keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello

Everyday I keep it mello  
Everyday I keep it mello  
I smoke and keep it mello  
I drink and keep it mello  
Everyday I keep it mello
